

## Corrections

Correction published on line: 30 April 2014

Dyachenko, A.P. 2013. *Polytrichum papillosum* (Musci, Polytrichaceae), a new species from the Urals. Skvortsovia 1(1): 81–91.

The Editors apologise for the incorrect legend to Figure 6 which should read: *Polytrichum papillosum* sp. nova: part of marginal lamina.
